

# Manual creating account Wireless-fr

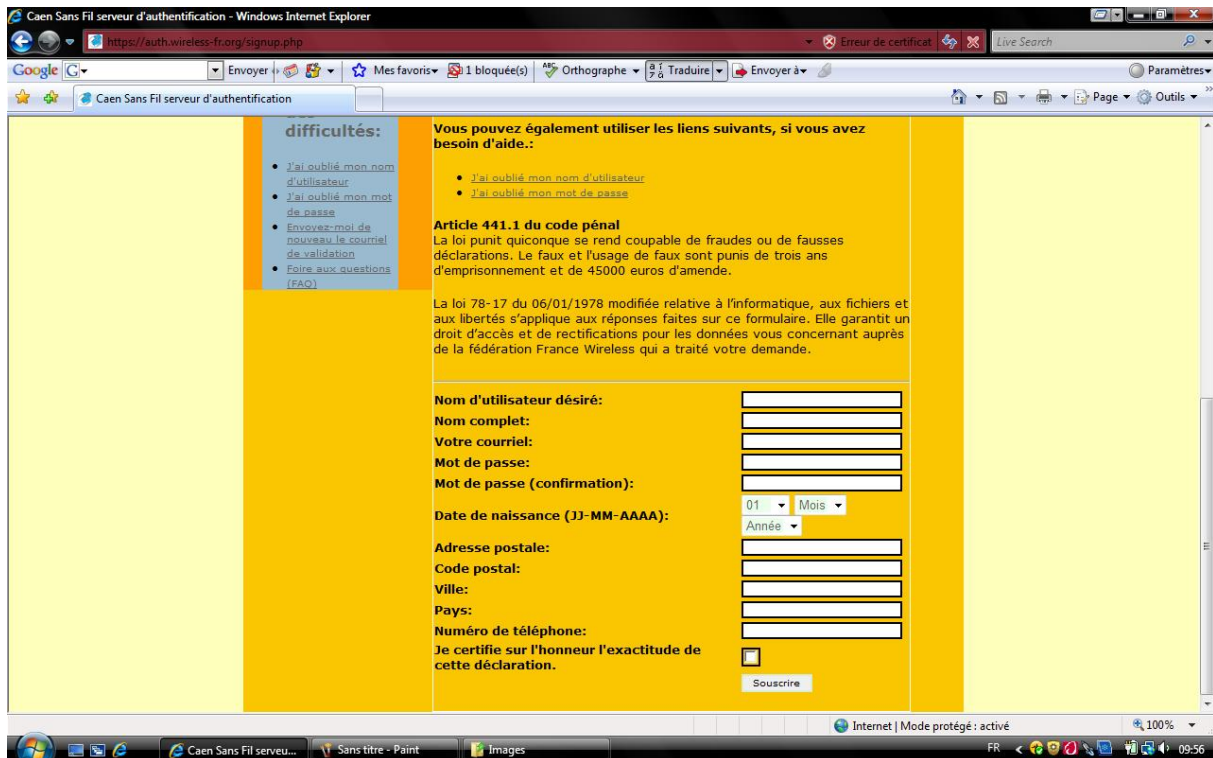

Once the computer is connected to the open network, go on the internet

Overcharged as you get on your favorite page you have this kind of page. If you already have an account enter your user name and password, if it is good, you can go on the internet. Otherwise click 'Register Free'

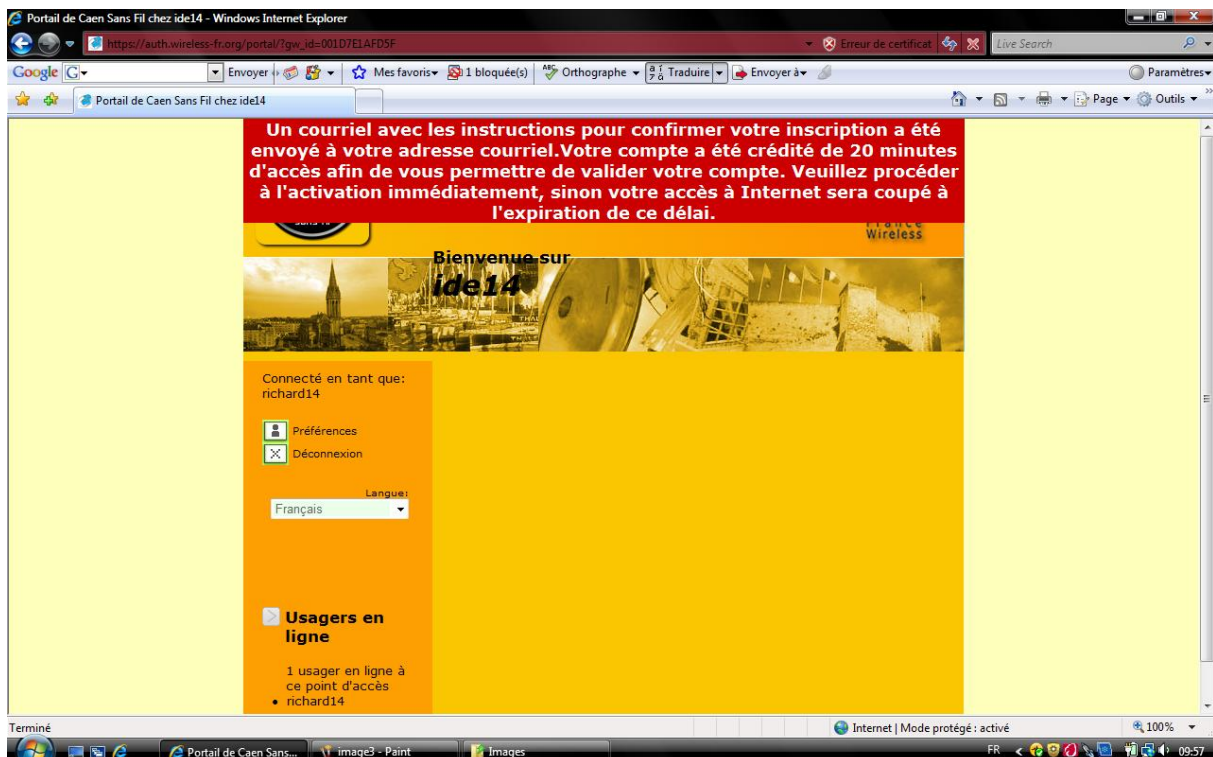

Take the time to read everything, the problems are often due to precipitation of the user, which ended suddenly to spend more time doing his registration

Fill in all the boxes. The first line is the username used to login (username)

Click subscribe, if there is a problem, a red message you explained: a misinformed box or nickname already in use ....

If everything is ok:

you have 20 minutes to go validate the mail validation Wireless-en sent to

open the email and click the link.

normally you arrive on this page:

That's it.

otherwise:
